

7th International Neuro-Urology Meeting

The Annual Congress of the International Neuro-Urology Society

Zürich, Switzerland | 24 – 26 January 2019

in association with

SUFU
SOCIETY OF
URODYNAMICS,
FEMALE PELVIC MEDICINE &
UROGENITAL RECONSTRUCTION

World-class medicine for better quality of life

Swiss Continenence Foundation

The Swiss Continenence Foundation (SCF) is a non-profit organization founded in April 2011 with the goal of supporting and advancing research and further education in the field of Neuro-Urology and functional urology. A central issue of the foundation is the considerable improvement in the quality of patient care and in the patients' quality of life. In addition, the foundation's support in high-quality advanced training and education in the field of Neuro-Urology and functional urology is supposed to contribute to the distribution of the knowledge gained from research and science to physicians, nursing specialists and to the interested public.

In order to achieve these goals we depend on your financial support and would be very pleased to receive a donation.

Bank details of the Swiss Continenence Foundation:

Aargauische Kantonalbank, Kaiserstrasse 8, CH-4310 Rheinfelden

IBAN: CH88 0076 1501 7999 1200 1

BIC/Swift: KBAGCH22XXX

www.swisscontinenencefoundation.ch

Welcome

Dear friends and colleagues, ladies and gentlemen

It is our great honour and pleasure to invite you to attend the **7th International Neuro-Urology Meeting**, to be held in Zürich, Switzerland, from **24-26 January 2019**.

Neuro-Urology is a highly-regarded and relevant sub-speciality bridging the fields of both neurology and urology to treat and prevent the debilitating manifestations of lower urinary tract dysfunction which have major impact on our patients' health and their quality of life.

The world's leading experts in Neuro-Urology will provide an overview on the latest advances in research and clinical practice of this rapidly developing and exciting discipline. This unique meeting combines state-of-the-art lectures, lively panel discussions, and hands-on workshops with emphasis placed on interactive components. There will be many opportunities to exchange thoughts, experiences and ideas and also make new friendships.

We are proud that the International Neuro-Urology Meeting has become the official annual congress of the **International Neuro-Urology Society (INUS)**, a charitable, non-profit organisation aiming to promote all areas of Neuro-Urology at a global level.

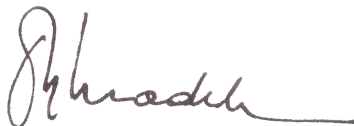

To promote the next generation of outstanding young researchers and clinicians who represent the future of Neuro-Urology, we are excited to again announce the prestigious **Swiss Continence Foundation (SCF) Award of 10'000 Swiss francs** which will be awarded to the best contribution from a young Neuro-Urology talent at the 7th International Neuro-Urology Meeting.

We are extremely honoured to be organising the 7th International Neuro-Urology Meeting and are looking forward to seeing you in Zürich.

Best regards

Prof. Thomas M. Kessler
SCF Chairman
INUS Vice-President

Prof. Helmut Madersbacher
INUS President

The International Neuro-Urology Society (INUS)

The International Neuro-Urology Society (INUS) is a medical and scientific non-profit organisation with the aim to sustainably improve and promote the medical care for patients suffering from neuro-urological disorders.

All researchers and health care professionals who deal with neuro-urological patients or research projects are eligible and welcome to apply for membership. If you are interested to become a member of the INUS please visit the society's homepage **www.neuro-uro.org**.

Companies, institutions, foundations or individuals who are interested to support the society can become partner of the INUS. Please contact us to discuss partnership options.

APPLY NOW: www.swisscontinencefoundation.ch

Scientific programme | Thursday 24 January 2019

08.00 - 12.30 **WORKSHOP A: Translational neuro-urological research** (limited seats, separate registration required)

Chairs: Célia D. Cruz, Naoki Yoshimura

Room: Letzisaal

Discussion panel: Karl-Erik Andersson, Lori A. Birder, Margot S. Damaser, Daniel Eberli, Reynaldo G. Gomez, Achim Herms, Francis „Monty“ Hughes, Adam P. Klausner, Katia Monastyrskaya, J. Todd Purves, Andrea Sartori, Marc P. Schneider, Martin E. Schwab, John E. Speich, Wilbert Sybesma, James S. Walter, Blayne Welk

Lectures & Discussions

Effects of oxidative stress and mitochondrial dysfunction on chronic pain

Lori A. Birder

Next generation sequencing of smooth muscle cells in detrusor overactivity

Katia Monastyrskaya

Coffee break

Genetic tools to unravel the neuronal control of the urinary tract

Andrea Sartori

Anti-Nogo-A antibody: From animal to humans

Martin E. Schwab

Inflammasomes: Towards a clinical trial

J. Todd Purves & Francis “Monty” Hughes

12.30-13.30 Lunch break

Scientific programme | Thursday 24 January 2019

13.30 - 18.00 **WORKSHOP A: Translational neuro-urological research** (limited seats, separate registration required)

Chairs: Margot Damaser, Marc P. Schneider

Room: Letzisaal

Discussion panel: Karl-Erik Andersson, Lori A. Birder, Célia D. Cruz, Daniel Eberli, Reynaldo G. Gomez, Achim Herms, Francis „Monty“ Hughes, Adam P. Klausner, Katia Monastyrskaya, J. Todd Purves, Andrea Sartori, Martin E. Schwab, John E. Speich, Wilbert Sybesma, James S. Walter, Blayne Welk, Naoki Yoshimura

Lectures & Discussions

Electrostimulation: Where are we now and where do we need to go?

James S. Walter, Achim Herms
& Blayne Welk

Bacteriophages to fight multiresistent urinary tract infections

Wilbert Sybesma

Urodynamics 2.0: Novel metrics for the bladder filling phase

Adam P. Klausner & John E. Speich

Tea Break

Imaging and stem cell treatment for urinary stress incontinence

Daniel Eberli

Wireless and catheter-free home monitoring of neurogenic lower urinary tract function: Soon reality?

Margot S. Damaser

How to implement research findings in daily neuro-urological practice?

Reynaldo G. Gómez

Conclusions

Célia D. Cruz & Marc P. Schneider

Scientific programme | Thursday 24 January 2019

08.00 - 12.00 **WORKSHOP B: Urodynamics** (limited seats, separate registration required)

Chairs: Enrico Finazzi Agro, Ruth Kirschner-Hermanns

Room: Europasaal

Tutors: Marcio A. Averbeck, Cristiano M. Gomes, Jan Groen, Mehri Mehrad,
Jorge Moreno-Palacios, Stefania Musco, Bárbara Padilla Fernández, Brigitte Schurch

Lectures

Terminology and standards

Enrico Finazzi Agro

How to perform a valid urodynamic investigation

Jorge Moreno-Palacios

Case presentation

Stefania Musco

Hands on training

all

Coffee break

Lectures

Pitfalls of urodynamic testing

Bárbara Padilla Fernández

Which catheter? water perfusion vs air-charged vs microtip

Marcio A. Averbeck

Case presentation

Brigitte Schurch

Hands on training

all

12.00-13.00 Lunch break

Scientific programme | Thursday 24 January 2019

08.00 – 12.00 **WORKSHOP C: Gladiators in Neuro-Urology** (limited seats, separate registration required)

Chairs: Stefan de Wachter, Giulio del Popolo

Room: Albis

Gladiators: Juan C. Castano, Pierre Denys, Ailton Fernandes, Howard B. Goldman, Reynaldo G. Gómez, Charalampos Konstantinidis, Grigory Krivoborodov, Limin Liao, Helmut Madersbacher, Sherif Mourad, Karl-Dietrich Sievert, Michele Spinelli

Non-invasive versus invasive neuromodulation

Juan C. Castano versus Howard B. Goldman

Urethral reconstruction in neuro-urology: A waste of resources?

Karl-Dietrich Sievert (yes) versus Reynaldo G. Gómez (no)

Recurrent urinary tract infections: Is long-term antibiotic prophylaxis useful?

Pierre Denys (yes) versus Giulio del Popolo (no)

Coffee break

Neuro-urology: Separate sub-speciality versus part of functional urology

Helmut Madersbacher versus Sherif Mourad

Do we need regular urodynamic follow-up investigations?

Michele Spinelli (yes) versus Ailton Fernandes (no)

Refractory NDO: intradetrusor onabotulinumtoxinA injections versus bladder augmentation

Charalampos Konstantinidis versus Stefan de Wachter

Is there still a role for penile prosthesis?

Limin Liao (yes) versus Grigory Krivoborodov (no)

Scientific programme | Thursday 24 January 2019

13.00 - 14.45

Poster session I

Chairs: Ervin Kocjancic, Emmanuel Braschi

Room: Europasaal

Presentation of Abstracts/Posters

14.45–15.15

Tea break

15.15 - 17.00

Poster session II

Chairs: Jerzy Gajewski, Karel Everaert

Room: Europasaal

Presentation of Abstracts/Posters

Scientific programme | Thursday 24 January 2019

13.00 – 17.00 **WORKSHOP D: Neuroscience** (limited seats, separate registration required)

Chairs: Armin Curt, Jalesh N. Panicker

Room: Albis

Discussion panel: Becky D. Clarkson, Alessandra Fanciulli, Alain Kaelin-Lang, Ryuji Sakakibara, Maryam Seif, David Vodusek

Lectures & Discussions

Our understanding in 2018 of the neural networks responsible for LUT control

Jalesh N. Panicker

Developing brain imaging biomarkers to evaluate
therapeutic interventions for LUT dysfunction

Becky D. Clarkson

Neuroimaging of functional recovery in SCI

Maryam Seif

Tea break

Can neurological disorders present initially with urogenital complaints?

Ryuji Sakakibara

Primary disorders of the autonomic system - an overview

Alessandra Fanciulli

Autonomic disturbances in SCI, MS, and PD

Alain Kaelin-Lang

Pelvic neurophysiology testing in the evaluation of patients
with unexplained urogenital complaints

David Vodusek

Scientific programme | Friday 25 January 2019

08.00 - 09.45

Poster session III

Chairs: Karl-Erik Andersson, Francis M. Hughes

Room: Europasaal

Presentation of Abstracts/Posters

09.45–10.15

Coffee break

10.15 - 12.00

TTNS RCT investigator meeting (study members only)

Chairs: Martina Liechti, Stephanie Stalder, Jure Tornic

Room: Europasaal

12.00-13.00

Lunch break

Scientific programme | Friday 25 January 2019

08.00 – 12.00 **Workshop E: Nightmare session - Challenges in Neuro-Urology** (limited seats, separate registration required)

Chairs: Howard B. Goldman, Rizwan Hamid

Room: Letzisaal

Discussion panel: Karel Everaert, Ailton Fernandes, Mahreen Pakzad, Jalesh N. Panicker,
Martin Schubert, Brigitte Schurch

Case 1 „Fatal urinary retention“

Sara Simeoni

Case 2 „Tarlov's curse“

Sara Simeoni

Case 3 „Red flag nocturia also in neuro-urology?“

Kim Pauwaert

Coffee break

Case 4 „Missed cervical spinal stenosis“

Carl Zipser

Case 5 „Fully continent! But at what cost?“

Nuno Grilo

Case 6 „Obscure CNS lesions“

Carl Zipser, Miriam Koschorke

Case 7 „Female bladder outlet obstruction, a neuromodulative challenge“

Pedro Lago Ferrer

Scientific programme | Friday 25 January 2019

08.00 – 12.00

Nursing Workshop A:

Neuromodulative treatment using PTNS, TTNS and TENS-P

Medical and scientific background

Jure Tornic

Hands-on training

Sarah Baumann, Martina Liechti,
Theodora Makris, Stephanie Stalder

09.45–10.15

Tea break

Intermittend self-catheterization

Background and guidelines

Michael J. Kennelly

How to educate and train the patient

Joanne Baldwin, Sarah Baumann,
Gwen Gonzales, Theodora Makris

12.00–13.00

Lunch break

Scientific programme | Friday 25 January 2019

13.00 – 13.10	Welcome	Thomas M. Kessler, Helmut Madersbacher, Ulrich Mehnert
13.10 – 14.50	Quality of life in neuro-urology	
	<u>Discussion panel:</u> Sakineh Hajebrahimi, Sara M. Lenherr, John T. Stoffel, Blayne Welk	
	Do we know the QoL of our patients?	Blayne Welk
	What assessments and measures of QoL are relevant and valid?	John T. Stoffel
	How should we implement QoL outcomes in our decision making?	Sara M. Lenherr
	Health related QoL in the developing world	Sakineh Hajebrahimi
14.50 – 15.10	Neuroscience in neuro-urology: Summary of workshop D	Jalesh N. Panicker
15.10 - 15.40	Tea break	

Scientific programme | Friday 25 January 2019

15.40 - 16.10	Early changes in the lower urinary tract after SCI and aging	Lori A. Birder
16.10 - 18.00	Surgery for refractory detrusor overactivity <u>Discussion panel:</u> Emmanuel Braschi, Jacques Corcos, Reynaldo G. Gómez, Tamsin Greenwell, Véronique Phé, Pawan Vasudeva When is the right time to proceed to surgery? How to prevent and deal with perioperative complications in neuro-urological patients Follow-up: When, where and how?	Pawan Vasudeva Jacques Corcos Véronique Phé
18.00 - 19.00	General Assembly of the International Neuro-Urology Society (INUS)

Pfirrmann, Chief of Radiology, PD Dr. U. Eichenberger, Chief of Anaesthesiology and Pain Therapy, Prof. Th. Dreher, Chief of Paediatric Orthopaedics.

We provide highly specialized interdisciplinary and patient-centred medical care

Our specialists at the University Spine Centre Zurich ensure optimal treatment for patients, with careful coordination of the conservative and surgical approaches to spine medicine.

Thanks to close interdisciplinary cooperation and expertise in various medical and surgical specialties, we can treat patients in the best possible place to care for their back problems.

As a part of the University of Zurich, we place a strong emphasis on teaching and cutting-edge research.

Venue details

Venue

BEST WESTERN

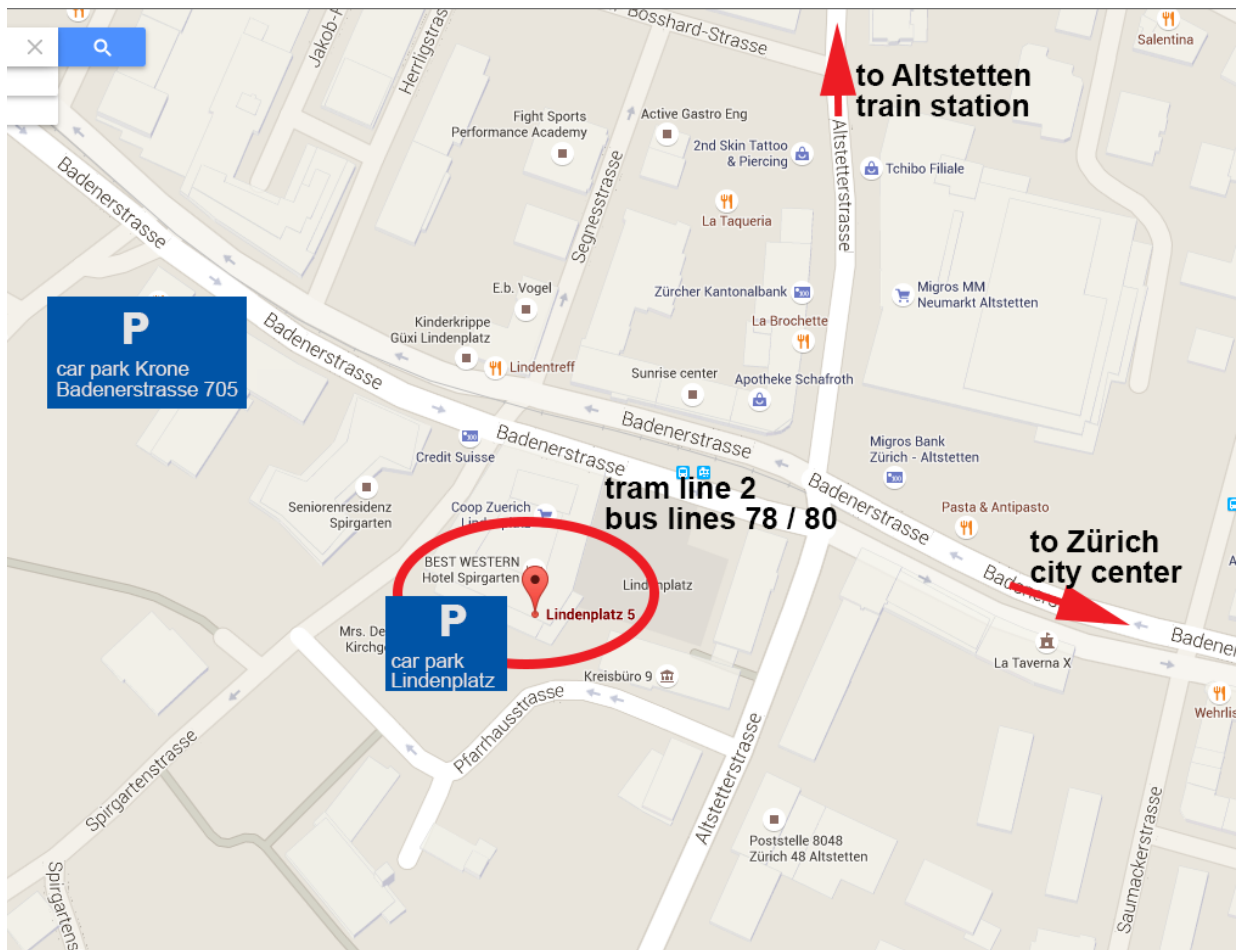

Hotel Spirgarten

Lindenplatz 5

CH-8048 Zürich

T: +41 (0)44 438 1515

F: +41 (0)44 438 1538

Directions

By plane: Zürich airport is one of the most modern airports in Europe. There are regular flights to Zürich from most countries and major cities of the world. From Zürich airport, you reach the meeting venue easily by car/taxi (30-45 min) or by train (15-20 min to Zürich Altstetten station). From Zürich Altstetten station you reach the meeting venue by bus (7 min, lines 78 and 80, bus stop „Lindenplatz“) or by walking (10 min).

By train: Switzerland has an excellent public transportation system. The Zürich main station (Zürich HB) can be regularly reached from all major Swiss cities. There are also high-speed and overnight trains from major cities in Germany, Italy and France. From Zürich main station it is only a 5 min train ride to Zürich Altstetten station from where the meeting venue can be reached by walking (10 min), bus (7 min, lines 78 and 80) or car/taxi (3 min).

By car: Zürich has excellent road connections to all major Swiss cities and the surrounding countries. However, we recommend to use public transport if possible as parking spaces are limited.

Public transport in Zürich: Zürich has one of the most efficient public transportation systems in the world. The Zürich Altstetten station is in walking distance (10 min) to the meeting venue and offers frequent direct train connections to Zürich main station, Zürich airport and several other destinations in Switzerland.

In direct proximity to the meeting venue are the tram and bus stops „Lindenplatz“ which are conveniently connected with Zürich Altstetten station (bus lines 78 and 80) and the city center (tram line 2). The bus and tram stops „Lindenplatz“ can be reached as follows:

From Zürich main station (Zürich HB):

– take one of the frequent trains to Zürich Altstetten, e.g. S9 (direction Zug), S15 (direction Affoltern a. A.), S12 (direction Brugg). Change at Zürich Altstetten station to bus line 78 (direction Zürich, Dunkelhölzli) or 80 (direction Zürich, Triemlispital), with either bus line, „Lindenplatz“ is the second stop (7 min).

From city center, i.e. tram stop Paradeplatz or Bellevue:

– tram line 2 -> in the direction of Farbhof, Lindenplatz is 12th or 14th stop respectively (18-24 min).

Special events

Saturday 26 January 2019

19.30 **Gala dinner** (with Swiss Continenence Foundation Award ceremony)

Enjoy a swiss aperó and a delicious 4-course meal in one of Zürich's most beautiful and magnificent guild houses. The enchanting **Zunfthaus zur Meisen**, build in 1757 by David Morf in rococo style, is located in the heart of Zürich at the Limmatquai promenade.

This guild house is famous for its interior decoration. The paintings on the ceilings and walls by Johann Balthasar Bullinger are still in excellent condition, as are the tiled tower-stoves by Leonhard Locher and Hans Jakob Hofmann and the ornate stucco ceilings by the Tyrolian master Johan Schuler.

The guild house "Zur Meisen" has always been a magnet for famous personalities. During the 19th century, national celebrities such as Gottfried Keller and Ferdinand Hodler met in the Café "Zur Meisen". In the 20th century, royalty such as Queen Elizabeth II and King Gustav of Sweden or renown politicians like Jimmy Carter or Winston Churchill were guests in the house.

From the meeting venue at Lindenplatz it will take an 18 minutes tram ride with line 2 to Paradeplatz from where a 7 minutes walk through the picturesque historic city center and across the Limmat river will bring you to this year's gala dinner venue: Zunfthaus zur Meisen, Münsterhof 20, 8001 Zürich
