The International Neuro-Urology Society (INUS)

The International Neuro-Urology Society (INUS) is a medical and scientific non-profit organisation with the aim to sustainably improve and promote the medical care for patients suffering from neuro-urological disorders.

All researchers and health care professionals who deal with neuro-urological patients or research projects are eligible and welcome to apply for membership. If you are interested to become a member of the INUS please visit the society's homepage www.neuro-uro.org.

Companies, institutions, foundations or individuals who are interested to support the society can become partner of the INUS. Please contact us to discuss partnership options.
